

Notice from the Board of Directors

Castle Beach Club Condominium

MARCH 21 2006

Starting Tuesday 3/21/06 the contractor will be removing wallpaper and scraping walls inside the units and the building.

Due to safety concerns, the contractor has requested that Miami Management deny entry to the building to anyone who is not authorized to be on the premises. This means all units owners, realtors etc.

Please make arrangements before this date to remove any personal belongings or for inspections of apts. As soon as the work is completed we will again provide a notice on the Castle Beach web site.

Thank you for your cooperation.
